

**A MESSAGE FROM
THE CHIEF OF AIR FORCE**

I am proud to support the Bears to School program which is an excellent learning initiative developed by AnzacBears.

The stories told through these bears, such as the Australian Flying Corps Bear, assist the next generation to better understand and appreciate the Australian involvement in World War One in an interactive and interesting way.

I encourage you to get involved with this great cause by donating one of these bears to your local school. As a community we have a responsibility to keep the memories of our service men and women alive and we can do that, through school and community based programs such as the Bears to School initiative.

Gavin 'Leo' Davies, AO, CSC
Air Marshal
Chief of Air Force
